Library Report

THE COLEBROOK PUBLIC LIBRARY

This has been a good year for the Colebrook Public Library. Our book circulation has increased by 50%. I am sure this is due not only to the current book collection we have, but also to being open every afternoon from 2—5 and Friday night from 7—9. This, of course, substantially increases our expenses, but we feel by meeting the statewide qualifications, we are providing better service to the community. People in this community and surrounding communities are becoming more library conscious.

During the year the Leighton Cree Trust Fund was estimated in the amount of \$5,000.00. The interest from this fund is to be used each year to supplement the town appropriation for books.

A special regional grant from White Mountain Regional Library Coop, memorial donations and a gift from the town of Lemington added to the library's book purchasing budget.

Respectfully,
 Mary Lynch, Librarian

This Fund was established in 1970 for the purpose of building a new bridge on Pleasant Street. At the 1972 Town Meeting, the Town voted to authorize the Selectmen to use any unex-

pended monies in the fund for repairing and rebuilding other bridges within the Town. In 1973, \$3,929.07 was applied to the reconstruction cost of Ouimette Bridge over the Mohawk. In 1974, the bridge over the Mohawk at the Washburn farm was rebuilt at a cost of \$5,136.17. During 1975 the final payment for the right of way damage for the Pleasant Street Bridge was made. At the September 11, 1975 Special Town Meeting \$25,000.00 was appropriated for the Town's share of a new bridge over the Mohawk near the Mohawk Campground. Construction will begin during 1976 on this structure which will be a joint Federal, State and Town project with a projected total of \$200,000.00. When this is complete all Town bridges over the Mohawk with one exception will have been completely rebuilt or undergone major rehabilitation within the last few years.

Report of Forest Fire Service

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a. m. and 5 p. m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city

Town Report From the North Country Council

Technical assistance with the preparation of town's subdivision regulations, assistance in preparing a grant application for community development funds, assistance with the flood insurance program, and assistance in preparing an application for planning funds for downtown improvement are the local services the North Country Council provided to the town in 1975. NCC staff attended (8) evening meetings with town officials.

On the regional level, the North Country Council prepared a public transportation plan and is working toward the implementation of its recommendations. The Council became the economic development district for northern New Hampshire on July, 1975, and is currently carrying out this function. Several region-wide meetings on Water Supply and Pollution Control Commission regulations, economic development, seminars for planning board members, and recycling of newsprint were sponsored. A recently completed report entitled "The Regulation of Mobile Homes in the Community", prepared by the Council, provides technical information to planning board members and local officials in the area of mobile homes.

In 1975, the Council increased its base of local support from 19 to 29 towns. The Council coordinates its activities with other agencies in order to avoid any possible duplication of effort.

Planning News, the Council's bi-monthly newsletter, disseminates useful information on land use, state legislation, court decisions, and general activities to interested persons in town. A town resident can be placed on the mailing list by contacting the town's NCC representative or the the Council office in Franconia, N. H. (Tel. 823-8108)

In performing its duties, the Council attends approximately 200 night meetings a year.

For the future, continued activity in community planning assistance will be emphasized along with major regional efforts in economic development, land use, and housing. Dissemination of planning information will be continued. The Council is working closely with the NH Public Utilities Commission in the improvement and upgrading of the North Country's rail lines especially the Lincoln line and the North Stratford to Beecher Falls line.

The Council sincerely appreciates and thanks the town for its support and participation. This support has enabled the Council to provide a good deal of local and regional services.

Respectfully submitted,

Frederick King
Josephine Nugent
NCC Representatives

NORTHERN COOS COMMUNITY HEALTH ASSOCIATION
REPORT OF SERVICES RENDERED
IN THE TOWN OF COLEBROOK

Northern Coos Community Health Association is one of the forty New Hampshire Community Health Agencies whose purpose is to provide health services to people in their homes, and to help both sick and well people to attain and maintain health.

One of the advantages of a locally controlled health agency is that its services can be developed in response to local needs. Our Board of Directors is made up of your friends and neighbors and they are willing to listen to and act upon your suggestions and comments.

Last year, our home visiting program served 1,330 patients in Colebrook, providing nursing, physical therapy, personal care, homemaking and health and welfare information to the townspeople.

Community wide services included expectant parent classes which touched the lives of about 25 families. These sessions are held in the fall and in the spring and are open to anyone who is interested

Immunization clinics are held monthly on a rotating basis in Colebrook, Pittsburg, North Stratford and Errol, and we are in hopes of expanding the services offered to include health screening tests and informational services.

Our Family Planning Program offers education, counseling, referrals, and free physical exams and contraceptives for low income people.

Community services are generally free. Home visiting services are often covered by Medicare, Medicaid, or special State and Federal Grants and sometimes by private insurance. Those not covered by these are charged on a sliding fee basis geared to the financial capabilities of each patient. These free or partial fee services result in our dependence on the towns we serve for financial aid. Contributions this year are especially important, as they will help us obtain matching funds to continue and expand Homemaker/Home Health Aide Service as well as our Maternal and Child Health Services, (immunization programs, expectant parent classes and family planning).

Thank you for your continued support of our activities.

Respectfully submitted,

Brenda Perkins
Executive Director

List of Taxpayers and Payments 1975

The following list of taxpayers indicates the actual amount of taxes paid as listed in the Tax Blotter. The published list of property tax values that was mailed with the tax bills this year indicates the full market value of the real estate in Colebrook as determined by the State of New Hampshire Appraisers. After the application of open space valuations to 103 large properties there was a reduction of \$980,871.00 in total valuation of the Town's total taxable valuation. The Selectmen felt a published list of the actual taxes paid might help to answer questions raised by this recent completed re-evaluation.
